Moreover, the Seller reserves the right to suspend meeting its own obligations until full payment of the payable amounts.

5.4 Should the delay in payment exceed 30 (thirty) days, the Seller may cancel the sale for reasons attributable to the Buyer and at Buyer's costs, eight days after having sent formal notice which remains ineffective.

7.2 The delivery periods begin to run as from the last of the following dates: (i) the Seller's unreserved acceptance of the order; (ii) the Seller's receipt of certain information which the Buyer is responsible for providing and which meeting the order is dependent on; (iii) receipt of the down payment which the Buyer undertakes to pay to it, in accordance with the terms of the sales agreement, or in case the price for the products is to be paid by L/C, on the date on which an L/C acceptable to the Seller is notified, and confirmed as the case may be, to the Seller.

Absent any specific period set forth in the offer/sales agreement, if the conditions precedent to the coming into force of the sales agreement have not been fulfilled within 6 (six) months from its conclusion, said sales agreement shall be null and void and the Seller and the Buyer hereby waive any claim for damages whatsoever in relation thereto.

7.3 The Seller is automatically discharged from any commitment relating to delivery periods in the event of force majeure or events occurring in the Seller's premises or in those of its suppliers which may disrupt the organisation or business activity of the company such as, for example, lock-outs, strikes, war, embargos, fire, flood, machinery accident, scraping parts in the process of being manufactured, interruption or delay in transportation or the procurement of raw materials, energy or components, or any other event outside the control of the Seller or its suppliers.

8.2 If the products have been processed or incorporated in other equipments, the Seller shall own a lien on the processed products or on the equipments into which products have been incorporated until full payment of the price. The Buyer undertakes to mention the existence of this reservation of title to third parties to whom/which it may sell the products either “as is” or incorporated in a system.

8.3 Should products be returned under this Article, any down payments received by the Seller shall be acquired by it, without prejudice to any and all damages which the latter may claim.

IX – Packaging

The prices set forth in the offer are understood as being for Seller's standard packaging. Any request from the Buyer for packing modification other than that which the Seller usually uses shall be charged to the Buyer. Under no circumstances shall the Seller take-back packaging.

X – Carriage – Customs

Unless provided for to the contrary in the offer, the products are sold ex-works (refer to Article 6.1). Consequently, the Customer is responsible for carriage, insurance and/or customs' clearance, if any.

XI – Environmental regulations

11.1 Removal & disposal of product waste

The party possessing the waste is responsible for removing and disposing it or for having it removed and disposed.

For the professional electrical and electronic equipment (hereinafter “EEE”) concerned by European Directive 2002/96/EC dated January 27, 2003, and European Directive 2006/66/EC dated September 6, 2006 and resulting implementation regulation, the organisational and financial responsibility for the removal and processing of waste originating from this EEE marketed after 13 August 2005 is transferred to the direct Buyer which accepts such. The direct Buyer undertakes to assume responsibility, on the one hand, for the collection and removal of waste originating from the EEE subject to the sale and, on the other hand, for their processing and recycling. The Buyer's failure to comply with these obligations may lead to the application, among other sanctions, of the criminal sanctions provided for by each member state of the European Union.

11.2 Provisions applicable to REACH chemical substances

11.2.1 For products delivered after publication of the list of candidate substances for authorisation within the meaning of the REACH Regulation no. 1907/2006 and its updates, and in accordance with Article 33, paragraph 1, of said Regulation, the Seller shall inform the Buyer via its www.schneider-electric.com website of the presence of said candidate substances in a concentration above 0.1% (zero point one percent) weight for weight (w/w) compared to the total weight, in order to ensure use of said product in total safety. Via this same website, the Seller shall inform the Buyer, once it is aware thereof, of changes to the composition of the products / items in question.

11.2.2 The Seller hereby warrants that the substances, whether alone or contained in preparations or products which it has incorporated for the production run in question have been used in accordance with the provisions relating to registration, authorisation and restriction.

XII – Warranty

12.1 Defects covered by the warranty

The Seller undertakes to remedy any defective operation of the products which originates from a defect in design, materials or workmanship, provided however that Seller's obligation shall not apply if:

- the products have not been maintained according to Seller's instructions, or absent said instructions, according to the most common practice in the relevant field, or
- defective operation results from improper storage conditions, or
- defective operation results from non compliance with Seller's instructions for installation or energization.

All warranties are also excluded for consumables and replacement or repair work which may result from normal wear-and-tear of the products, damage or accidents owing to insufficient monitoring of the products or use thereof which is non-compliant with their purpose and/or the Seller's instructions and, more generally, for any incident for which the Seller is not liable. The warranty may not apply if changes or additions are made to the products by the Buyer without the Seller's express agreement.

12.2 The Seller does not provide any guarantee as to the products' capacity to achieve the targets which the Buyer sets for itself, from the moment that such targets have not been expressly accepted by the Seller.

12.3 Term of the warranty

The above mentioned warranty only applies to products which prove defective (as described here above) during the term of the warranty which is 18 (eighteen) months. The warranty starts upon delivery of the products within the meaning of Article 6.1. If the delivery date of the relevant products cannot be determined for any reason whatsoever, the warranty starts as of the manufacturing date code that is specified on each product, in which case the duration of the warranty will be extended by 6 (six) months. The repairing of, changes to, or replacement of the product or part of it during the warranty period shall in no case cause the product-warranty period to be extended.

12.4 Terms and conditions for exercising the warranty

Under this warranty, the Seller remedies the noted defects, at its expense, as soon as reasonably possible and using the means which it deems fit. Replaced parts once again become the Seller's property and shall be returned to it at its first request.

12.4.1 Upon Seller's choice, the warranty is exercised either by providing the Buyer with a replacement product free-of-charge, or by the product in question being repaired in the Seller's workshops. To this end, the defective parts or products are returned to the Seller at the Buyer's expense with 30 calendar days as of the point in time the relevant product appears to be defective; the Seller shall pay for the carriage of replacement products or those having been repaired. Failure by the Buyer to return the alleged defaulting product with the above 30 (thirty) day period would allow the Seller to invoice the replacement product or the cost of the repair.

Under no circumstances does the warranty cover the expenses relating to searching for the defective item on-site, to dismantling and reassembling the product in its environment.
